

The Kentwood Cat Clinic and Cat Clinic North are pleased to offer a new way to provide care for your feline family members. Our Preventive Care Plans offer services to help keep your cat healthy and offer the chance to break down the cost of that care into monthly installments. We offer plans for each stage of your cat's life, from kitten to senior.

Each plan contains at least two comprehensive wellness exams, all the vaccines your cat needs, and 10% off flea/heartworm preventative medications. Your cat will also receive complimentary nail trims during the year. We also offer unlimited urgent care exams if needed during the plan year.

Automatic monthly payments from your debit or credit card are required for plan enrollment. There is a 5% discount if you pre-pay the entire year's membership at the beginning of the plan.
